Mayor Dean recognized Frankie Rice on renewing the garbage contract for a term of five (5) years commencing with the date on which it is accepted and an additional five (5) year term on such terms and conditions as may be mutually acceptable to grantor and Grayson Sanitation, Inc. Asking for a \$1.00 increase on the residential rates. Residential - \$12.00 and Senior citizens - \$9.00. Commercial will be serviced by dumpsters where needed. Age for senior citizens is 65 and this will include disabled. This \$1.00 increase is for the in City customers. We gave the \$1.00 increase for out of City customers last fall. Contract is June 5th. Councilman Berry made motion to accept the contract with Grayson Sanitation, Inc. on the garbage collection. Seconded by Councilperson Nash. Motion carried. This constitutes first reading of the ordinance.

Mayor Dean informed the public that Kentucky Christian University's Social Policy Class is here tonight to observe.

Mayor Dean recognized Rhonda Hall from near the Nursing Home concerning the dogs in that area. Don't know where to go and don't know what to do. Someone is going to get hurt if something is not done with the dogs. Attorney Scott informed Mrs. Hall that every dog is entitled to one bite. The law is clear in Carter County and that is the leash law. It's final. You need to go to the County Fiscal Court. The County Dog Warden will take care of this, in the County, in the City of Grayson and the City of Olive Hill. You can go to the Circuit Court and ask for a copy of the judgement - City of Grayson vs. the County of Carter.

Mayor Dean recognized Alice Lauria from Promise Land Estate asking Council to reconsider their decision on their road. Mrs. Lauria presented council with a petition from the homeowners in that area. We would like a road that we can travel. A road that will be safe for the school bus, will not damage the vehicles and will allow the Post Office to deliver the mail. Attorney Scott informed Mrs. Lauria that the street is in the City. That is part of what was annexed into the City. As far as the City accepting that road and it being dedicated to the City so the City can take it over and maintain it the same as they would another street. The ordinances require that the landowner to get it fixed through City's specification before the City can accept it. Mr. McCoy has not done that. If the City took it over and fixed it, they would be treating the residents in that area different from any other area. You can get together and sue the owner. Get a Judge to put a lien on all property that he owns in Kentucky where he can't get rid of that property. If he doesn't pay for the fixing of the road, then have it sold and get your money to pay for this. The City did put some gravel up there, but we weren't suppose to do that, because it was not a dedicated street. We were just trying to help you get the school bus up there. Mrs. Lauria informed Council that she was not asking to have the street blacktopped, just maintained. The residents need to contact an attorney on this.

Mayor Dean recognized Jake Wells concerning the street behind his house that has grown up and the water drains down in his yard.
