Police Department

Chief Travis Steele was here to introduce the representative from Enterprise. Representatives Grant Donovan and Taylor Messix from Enterprise explained how the lease contract would work. There was discussion on how many vehicles we would need. They brought packets to highlight the pros with leasing city vehicles. They have several options with each lease plan and the plans are very flexible with no long-term commitments. They explained all details to the council. The discussion ended with them wanting to start with only the police department with the possibilities of branching out into other city departments.
